

# STOP

## DO NOT ENTER

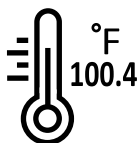

ANYONE WITH A FEVER AT OR ABOVE 100.4 MUST REMAIN HOME.

The student can return to school once they have been fever-free for 48 hours WITHOUT medication.

We understand this may be a hardship for parents, but it is very important that we keep all our families well.

We must think of each other during this time.

Any student that has a fever at school will be immediately moved to a separate space until a parent can pick them up.

IF YOUR CHILD IS NOT FEELING WELL, PLEASE KEEP THEM AT HOME.

If they complain of not feeling well during the school day, we will call for someone to come and pick them up immediately.

Please assist us to keep our Warrior community as safe as possible.
